Prix du Prince	**Lycée Albert 1er, Monaco**	2017

Work Experience

Research Assistant 01/2026 - 05/2026

PSE - Prof. Pierre-Yves Geoffard *Paris, France*

- Examining the role of private health insurance in medical under- and over-consumption with a French private health insurer
- Leading day-to-day research agenda with public and private stakeholders
- Evaluating large datasets with modern econometric methods in R

Senior Consultant, Data & Analytics 01/2023 - 02/2024

Artefact *Paris, France*

Senior Consultant for multinational pharmaceutical and healthcare company

- Advised on data governance and data strategy for a consumer-centric AI marketing model across 10+ countries
- Led interviews with stakeholders across global business units and business divisions: sales, analytics, data governance

Product Owner of Data Science for multinational consumer electronics corporation

- Directed R&D vision and operations of an econometric model to optimise marketing expenditure with 7 data scientists
- Coordinated and oversaw the work of +30 data engineers, scientists, and analysts across 4 offices (Agile methodology)
- Presented strategy, model and results with adapted language to technical and non-technical stakeholders
- Ranked top 3 performing Senior Consultants in Paris office, among 60+ professionals in Data & Analytics

Postgraduate Associate 09/2020 – 12/2022

Yale School of Public Health *New Haven, CT, USA*

- Study of the behavioural responses of US Medicaid users to supply-side policies: user health outcomes, spending outcomes, healthcare usage and interactions with system
- Led project day-to-day management and coordinated with Yale and non-Yale faculty

Extract, transform, and load (ETL)

- Built large relational databases for easier access to data: 100+ Million observations, 8 states, 10/15 years
- Constructed relevant metrics for evaluation of healthcare models and plans across states (standardisation of data)
- Decomposed complex analytical tasks into a series of automated code blocks in Python and STATA for efficient analysis

Visualisation and presentation of results

- Created custom data visualisations in Python for data analysis and presentations (matplotlib, seaborn, LaTeX)
- Presented findings in various seminars (Dept. of Economics, Dept. of Public Health, Tobin Center for Economic Policy)
- Presented at largest US health economics conference in Austin, Texas: ASHEcon 2022

Languages, Tech Stack, Skills & Hobbies

Languages:	English & French (Bilingual), Spanish & Portuguese (Intermediate), Russian & German (Beginner)
Python, R, SQL, Stata:	Data science (Pandas, Numpy, Scikit-Learn) – Database Maintenance – Statistical/Causal Inference
Data Visualization:	Python (Matplotlib, Seaborn), Beamer, Tableau
Web Apps & Data:	HTML, CSS, JavaScript, Json, AWS, MongoDB, A/B Testing
Hobbies and Sports:	Monaco Ski Team, Karate, running, amateur musician, poetry!
